ABOUT MSC

CAMPUS

Located on a hill overlooking the borough of Mansfield, the College is surrounded by a semicircle of still-higher elevations. Views from the campus are magnificent and typical of the scenic Northern Tier of Pennsylvania.

Buildings on campus include both traditional and modern brick, set among tall trees and green lawns.

Mansfield State College boasts a planetarium, three auditoriums, a computer center, a library with over one million holdings, and modern athletic facilities including an Olympic-size swimming pool.

Most Mansfield State students live in high-rise residence halls which include study areas, lounges, recreation rooms, telephones in each room, and laundry facilities.

Situated near the intersection of U.S. Routes 6 & 15, the College is 14 miles from Wellsboro, PA, 28 miles from Elmira, NY, 31 miles from Corning, NY, and 48 miles from Williamsport, PA.

HISTORY

Mansfield State College traces its heritage back to 1857 when the Mansfield Classical Seminary opened with 105 students.

In 1862, Mansfield became a State Normal School. Most of the students took the elementary curriculum, but scientific and classical courses were also offered, and the first catalog (1864-66) notes a music department.

Until 1874, the school was housed in just one building. By 1890, there were four buildings, and students and faculty members had planted trees for landscaping on the campus, which previously had been almost bare of trees. The student body grew to 400 students by 1905.

In 1926, the State Council of Education authorized Mansfield to grant bachelor of science degrees in Elementary and Secondary Education, Music, and Home Economics. On May 13, 1927, Mansfield became the first institution in Pennsylvania to be designated a State Teachers College.

Mansfield State College assumed its present name in 1960. A four-year, coeducational, fully-accredited institution, the College now consists of three schools: Arts and Sciences, Education, and Fine and Applied Arts. Mansfield State offers approximately 50 undergraduate degree programs. The College also offers Master's Degree Programs through its Office of Graduate Studies.

In the Fall of 1977, over 2,600 undergraduate students and 300 graduate students were enrolled in the College's classes. Today the campus is 175 acres in extent and the college complex includes more than 30 buildings.

ACCREDITATION

Mansfield State College is accredited by the Middle States Association of Colleges and Secondary Schools, the National Council for Accreditation of Teacher Education, and the National Association of Schools of Music.

STATEMENT OF MISSION MANSFIELD STATE COLLEGE

GENERAL STATEMENT OF MISSION

The mission of Mansfield State College is to serve the people of Pennsylvania through educational, cultural, and service programs. Full-time, resident, undergraduate students have been and will be the primary focus of educational programs offered by the College. Part-time, generally non-resident students — graduate, undergraduate, and non-credit — will be a growing focus of educational programs offered by the College. The College will be a basic cultural and service resource for the region. In all of the missions we recognize the location of the College, and shall give special attention to serving the needs of a rural population.

SPECIFIC MISSIONS

1. Undergraduate education is the primary mission of the College. It will continue to be accomplished through the offering of a broad variety of academic programs at both the baccalaureate and pre-baccalaureate levels.
2. The College will continue to develop new and innovative delivery systems, both on and off campus, for selected master's and post-master's level degree programs in fields that will meet the needs of the region and Commonwealth.
3. The College will offer through a year-round program of continuing education (a) off campus undergraduate courses, (b) on and off campus non-credit courses, and (c) conferences, workshops and seminars, and will develop other programs to meet the needs of the region.
4. The College will continue to grow as a major cultural and service center for the region.
5. The College will continue to approach its various functions from a perspective which emphasizes flexibility, creativity, and experimentation.
6. Because of its commitment to the development of the total person, the College will continue to provide programs and services for students, faculty and staff that complement the missions of the College, and help to create a campus environment that promotes the social and academic growth of its residents.

This statement was approved by the Board of Trustees on January 28, 1978.

GENERAL STUDENT INFORMATION

DINING ROOM INFORMATION

ALL RESIDENCE HALL STUDENTS ARE REQUIRED TO PARTICIPATE IN THE FOOD SERVICE PROGRAM at Mansfield State College, except where medical waivers are obtained. A professional food service company caters the service, and dining privileges are extended to all members of the College Community.

Regular visits by the Pennsylvania Bureau of Food Service Management health inspectors and the food service company insure constant checks on quality and operations of the service. RESIDENCE LIFE

RESIDENCE HALLS

Education, in its broadest sense, is a product not just of classroom learning, but also of knowledge gained from sharing ideas and experiences with others in the informal situations which residence halls provide. The Residence Life staff at Mansfield State College works with the residence hall councils of each building, student staff members (Resident Assistants) and interested faculty members in an effort to provide a positive environment which will help supplement and expand the education of each student.

The College, recognizing the value in diversity, is interested in having students representing all creeds, races and ethnic groups living in College residence halls. Therefore, and in compliance with the Pennsylvania Fair Education Practice Act, all residence hall assignments are made without regard to race, religion, color or national origin. Having accepted the Pennsylvania Fair Education Act, we feel that a cross-section of cultures provides a cosmopolitan community. The College also complies with all applicable Federal Civil Rights Laws.

RESIDENCE REQUIREMENTS

1. All students are required by the college to reside in residence halls when there is space available.
2. Exceptions to the above may be made on the basis of age, place of permanent residence, or marital status.
3. Each student prior to occupying a room, must sign a housing agreement provided by the college and pay all designated fees and deposits.
4. Board in the college dining hall is mandatory for students residing in residence halls. Waivers for medical reasons may be requested through the Dean of Students Office.
5. All students residing in a residence hall are required to abide by regulations as prescribed by the College and/or residence hall council.

It is expected that residents and their guests will use good judgment while using the facilities of these areas. The rights of the residents to relative quiet should be respected by those using pianos, record players, T.V., etc. in the lounge areas.

Lounge areas are administered by the individual hall council; policy as to use of lounges by campus groups is developed by them yearly, and events are scheduled by the Building Director of each hall.

Also, information pertaining to assistantships, fellowships, and scholarships will be posted periodically in the occupational library, Room 209, South Hall.

7. Seminars by the Placement Staff on the credential packet, letter and resume writing, interview techniques, and job opportunities in various fields are available for use in classes. Seminars on graduate school, entrance examinations for graduate study, and women's careers are also conducted.

SUMMER OFF-CAMPUS EMPLOYMENT

The College wishes to impress prospective students that the location of Mansfield State College in a rural, non-industrialized region of the state greatly reduces the opportunities for outside part-time employment. Further, with increased emphasis placed on scholastic attainment at this college, the number of hours in which a student may engage in employment has tended to drop sharply in recent years. The acquisition of off-campus employment is the responsibility of the individual student although the Career Planning and Placement Services may be able to provide some limited job vacancy information. There has, however, been made available to qualified applicants, some part-time off-campus State and Federal Workstudy Program employment.

Additional information may be obtained in the Office of the Director of Student Financial Aid. The Career Planning and Placement Office maintains a current listing of Summer job vacancies throughout the state and nation as they are received.

Hospital care is provided at the Soldiers and Sailors Memorial Hospital in Wellsboro, in addition to care rendered in the 18-bed infirmary at the college.

The services of the Health Center are extended to all students of Mansfield State College. These services include a preventative health program which consists of tuberculin testing administered to all seniors to meet graduation requirements and to all personnel working with the food services associated with the college. Influenza immunization clinics are held in the fall in October and November.

Allergy vaccine is administered to students if it has been prescribed by their physician; such injections will be given while the doctor is in the Health Center.

Members of the health staff work to furnish a thorough but friendly and individual service to which a student may come for help of any sort. You are urged to consult the Health Center at any time for purposes of diagnosing suspected contagious diseases or other illnesses. Since medical records and consultation are **entirely confidential**, there is no possibility of embarrassment to the student and consequently no reason for avoiding diagnosis.

Students who are ill are encouraged to report to the Health Center to be evaluated and treated by the nurses and the college physician, and where conditions indicate, admission to the infirmary is encouraged.

Infirmary services are available twenty-four hours a day during the time the College is in session.

CHARGE TO STUDENTS

The following charges, payable at the Revenue Office, are made to students staying in the infirmary:

Day Students — \$3.25 per day for dining room service, no charge for infirmary.

STUDENT HEALTH INSURANCE PLAN

Mansfield State College offers its full-time students, through Higham, Neilson, Whitridge & Reid, Inc., a comprehensive hospital, surgical, and medical insurance program which provides twelve-month protection against the cost of injury or illness. This policy covers the student not only while at school, but during school holidays, summer vacations and other times when the student is away from the college.

Full-time students will be covered under the plan effective September 1 through the next August 31, provided they register, and pay the insurance fee appearing in the student bill by registration date.

Students who do not register until the start of the second semester will be covered when the second semester begins through August 31 provided they register and pay the insurance fee appearing in the student bill by registration date.

THE COUNSELING CENTER

MR. STERLING
SALTER
Counselor

DR. W. MICHAEL
JOHNSON
Director,
Counseling Center

MS. SUSAN
KRIEGER
Counselor

The Counseling Center assists students in making decisions related to the immediate problems of college adjustment and to broader problems of effective living. Students are invited to make an appointment for help or to simply stop by at their convenience. Typical problems might be the strengthening of academic performance, developing career plans, solving personal concerns, improving study habits, or improving personal relationships.

With a professional counselor, the student may explore freely and entirely IN CONFIDENCE, any problems or feelings which are important to him/her, to assess individual make-up, to acquire increased self-understanding and sensitivity to others, and to grow in the direction of personal choice.

The Center is open Mondays through Fridays from 8:00 a.m. to 4:15 p.m. Counselors are also available to meet with you in dorm rooms or other locations comfortable to the student. The services of the center are available free of charge to all MSC students and staff. All members of the college community are encouraged to avail themselves of these services whatever the nature or seriousness of the problem.

Appointments may be made by calling Extensions 4064 or 4065, or by coming to the Haverly House at 1st and Clinton Streets. You may choose a counselor to see. If there is no preference you will be assigned the earliest available time.

THE COUNSELING INTERVIEW

All interviews take place in private offices and may last as long as one hour. Sometimes interviews are merely for the purpose of gaining information, in which case only one meeting is necessary. Often, however, the client and the counselor agree that further sessions may be helpful. Counseling usually begins with the counselor encouraging the client to talk freely about his/her concerns. The counselor listens, tries to understand, attempts to clarify, and helps the client become objective and make decisions with which he/she will be satisfied. Counseling is not simply a matter of receiving advice; it is a process of thinking through and clarifying situations with the professional help of another interested person.

Again, NO information disclosed in a counseling interview is given to anyone without express written permission of the client.

TESTING

Counseling may be supplemented by means of tests. They are designed to provide the student with more information about personal interests, academic abilities, personal characteristics, study skills, and special aptitudes.

EDUCATIONAL ADJUSTMENT

The abrupt change from high school to the demand of college classwork is sometimes difficult to make. Counseling can help students improve study methods and motivation, participate more effectively in class discussion, increase confidence and skill in taking tests, and assure themselves the necessary environment and emotional maturity for efficient performance.

FINANCIAL AID

MRS. ESTHER C. ROBERTS
Director, Financial Aid

DR. ENRICO A. SERINE
Assistant Director,
Financial Aid

The Office of Student Financial Aid exists to provide information and money to students. It attempts to inform the student population of application procedures and deadlines, of the types of aid available, the eligibility requirements and other pertinent data.

As a state college, Mansfield's tuition costs are substantially lower than those of private colleges; the public subsidy is reflected in the fees to all students. While remaining committed to offering financial aid to able students who can show evidence of financial need, Mansfield State College must, however, recognize that the basic financial responsibility of acquiring a higher education continues to be the obligation of the student and his family.

Matriculation at Mansfield State College is by semester; the college expects each entering student to be able to meet the expenses of the upcoming term without assistance unless such aid has been previously arranged and confirmed.

The following points are emphasized:

- (1) A new student (prospective Freshman or Transfer) should not file application for aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College. The Financial Aid brochure is available from the Admissions or Student Financial Aid offices.
- (2) Any student requesting financial aid must have filed the Financial Aid Form with the College Scholarship Service, Princeton, New Jersey. That agency will then advise the college of its objective analysis as to the student's (or student's family) ability to finance his own education at Mansfield State College. The Office of Student Financial Aid utilizes this information when considering

applications for all forms of student aid. Responsibility for filing the confidential statement rests with the student; help may be secured from high school principals and guidance counselors. The FAF information sheet is not an application for financial aid; financial aid applications may be obtained from the financial aid office. The College catalogue describes in detail programs and procedures for application. Details on all programs and scholarships may be obtained at the Office of Student Financial Aid.

PART-TIME CAMPUS EMPLOYMENT

Part-time student employment at the College is available in the dining hall, library, dormitories, grounds and buildings, college union facilities, and offices. Such employment is awarded to students who have shown evidence of financial need. These positions are normally filled by upperclassmen, but a limited number of positions are open to freshmen. Requests for student employment are made after formal acceptance and payment of the advance registration deposit. Applications are available from and submitted to the Office of Student Financial Aid. Students must have a current FAF on file to establish eligibility.

Part-time State and Federal Workstudy Program employment is available at the college. For details see the Director of Student Financial Aid.

SCHOLARSHIPS

The following scholarships are awarded by various sponsors in cooperation with Mansfield State College. Applications are available from the Office of Student Financial Aid, 107 SH.

W.H. COLEGROVE SCHOLARSHIP FUNDS. Annual awards of \$100 each to two deserving young women residents of Tioga County, Pennsylvania, are made for the purpose of aiding the recipients in defraying college expenses. These scholarships are not customarily available to new students.

THEODORE PRESSER FOUNDATION SCHOLARSHIP GRANT. The College receives annually a grant of \$400 for financing grants to outstanding junior and senior students majoring in Music Education. Grants are awarded by the Music Department with the approval of the President of the College. Applications for these grants should be made to the Chairperson of the Music Education Department. Grants are made for undergraduate work for the forthcoming academic year.

THOMAS HOLLERAN SCHOLARSHIP. A grant of \$1,000 annually to be awarded to a student from Potter County, Pennsylvania, who meets the stipulated criteria. Further information may be obtained at the Financial Aid Office.

JONATHAN GEORGE MARCH SCHOLARSHIP. An award of \$400 each semester for a student with need who is a resident of Tioga County and who may have had a previous record of academic under-achievement.

PHEAA GRANTS. The Commonwealth of Pennsylvania, through the Pennsylvania Higher Education Assistance Agency, has developed an extensive scholarship program based on computed financial need. Further information and applications may be obtained from the Office of Student Financial Aid.

BASIC OPPORTUNITY GRANT (BOG). Awardable for the first time to entering freshmen in September 1973, the federally funded Basic Opportunity Grant established an entitlement to aid based on need. Students apply independently each year on forms which may be obtained through the Office of Student Financial Aid, High School Guidance Offices or Post Offices.

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG). A successor to the Federal Education Opportunity Grants (EOG) and designed to aid students of exceptional need. Students must file an aid application and current Financial Aid Form to qualify. For details, inquire at the Office of Student Financial Aid, Room 109, South Hall.

LOANS

NATIONAL DIRECT STUDENT LOANS. NDSL's, to a maximum of \$1,-000 per year, are available through Mansfield State College to students with demonstrated need who have filed current Financial Aid Forms and applications. With the cancellation and deferment features, these federally subsidized loans have aided many students with documented need.

THE STATE HIGHER EDUCATION LOANS. These are loans with interest subsidy insured by the Federal Government and are available through the cooperation of banks. To obtain interest benefits, Financial Aid Form should be filed by the student; loans are normally made to a maximum of \$2,000 per academic year or documented need.

THE ROBERT A. FARRELL FUND. A memorial to a former professor, this fund and the Class of 1969 and 1970 Loan Fund have served as resources for emergency loans for a large number of students; they are administered through the Office of Student Financial Aid.

A Financial Aid Brochure, available to all students, explains in detail all of the programs; students are encouraged to call at the Office of Student Financial Aid at any time to discuss their individual financial problems, and to pre-plan a schedule for meeting future college costs with a "package" which may include scholarship, part-time employment and loans.

VETERANS BENEFITS

Under present regulations, student veterans are eligible for a variety of aid in addition to their GI Benefits; all aid of course depends on residual need. Processing of GI Benefits and financial advice to Veterans is an additional function of the Financial Aid Office.

EQUAL EDUCATION OPPORTUNITY PROGRAM

MR. DAVID H. RUSSELL
Director, Special Programs

DR. PAUL HAVER
Coordinator of
AO Program

MR. WILLIAM S. CHABALA
Counselor, Special Programs

MRS. CELESTE SEXAUER
Reading Specialist and
Tutorial Coordinator

The Equal Opportunity Program at Mansfield State College is a special admissions program for students who do not meet regular admissions criteria. The program is designed to assist individuals who have demonstrated qualities that would enable them to succeed in college. The Equal Education Opportunity Program provides the opportunity for enrollment at MSC.

At present there are two academic programs under the EOP: Act 101 and the Academic Opportunity Program. Supportive services, i.e., tutoring, professional counseling, financial and academic advisement are provided as integral components of both programs.

However, under Act 101 financial aid based on need is emphasized and students must demonstrate financial eligibility.

The program is committed to assure equal education opportunity for all persons, regardless of race, color, religion, national origin, ancestry, sex or age.

The computer facility is open for use to all students; see the Information section below for where to acquire your computer ID. In addition to the maintenance and operation of the central computer equipment, the Center offers professional services in facilitating the use of computers in the academic community. These services include consulting for students, faculty and staff; systems design and programming for college-wide projects; non-credit seminars on the use of computers; a library of computer programs and reference materials; and tours and talks for classes.

LOCATION AND EQUIPMENT

There are two facilities managed by the Computer Educational Center on campus — the Central Computer Facility and the Educational Resource Center; both are described below.

Remote Job Entry Station (RJE)

RJE (Remote Job Entry) — consists of a medium-speed line printer and card reader for processing batch jobs. Computer programs on punched cards can be input to the computer, and high speed printed output can be obtained from the computer by using this equipment.

The Remote Job Entry Equipment is located in Room 114, North Hall, and is controlled by student assistants. It is open for students, faculty and staff use from Monday through Thursday from 8:00 A.M. to 10:00 P.M.; Fridays, weekends, holidays, and summer hours are more restrictive. Actual schedules are posted at the Resource Center and in the reception area of the Central Facility Room, 125 Alumni Hall.

General Philosophy

The Remote Job Entry Station (RJE), keypunches, consultants, and work area are intended for use during published Center open hours. The facility is designed to handle small jobs on a demand basis, with overload emergencies and large jobs handled through other Center policies.

Jobs may be submitted through the facility by two methods. First, the user may operate the equipment, or secondly, cards may be left in input trays, run by an operator, and output placed in mail boxes. Input for large jobs will also be left in input trays and the processing controlled by the operator.

INFORMATION

For more information on what is available, or who to contact, pick up a leaflet from the bulletin board in the south hallway of the first floor of North Hall. A Users Guide to the Center is also available. A reference copy can be obtained from a consultant in Room 114 or a copy can be purchased from the bookstore.

If all else fails, call Mr. Schroeder, Assistant Director, Instructional and Research Services, at 4497.

MANSFIELD UNITED CAMPUS MINISTRY

The Mansfield United Campus Ministry represents, through its ecumenical presence, the Church on campus and the Christian concern for the spiritual dimension in the development of the whole person. Through word, witness and worship it fosters among students and faculty a ministry of service rooted in faith, hope and love. The service takes the form of a variety of programs designed to meet not only the needs of the college community but also the needs of the community at large, such as ministry to the aged and orphans, workshops and seminars on contemporary religious issues, prayer and Bible study groups, folk liturgies and experimental worship.

Two full-time campus ministers are engaged in the program: Sister Margot Worfolk, who is serving under the appointment of the Roman Catholic Diocese of Scranton, and a staff person who represents the Associated Protestant Congregations.

The Campus Interfaith Center is located at 21 N. Academy St. It is opened to students of all denominations for informal gatherings, worship and programming.

Further information about programs and personal involvement can be obtained through the Campus Ministry Office, 210 South Hall (phone 662-4431) or the Campus Interfaith Center (662-7372).

OFFICE OF PUBLIC INFORMATION

The Office of Public Information has several roles. It is a news agency for the college and it is a publications office. In its capacity as a news agency, the office develops news stories about college events, people at the college, intercollegiate sports — almost anything newsworthy at MSC. The office sends these stories to newspapers, television stations and radio stations throughout Pennsylvania and also in other states. In its capacity as a publications office, Public Information supervises the development and printing of college publications which are distributed off campus. The office supplies graphic arts, photographic, writing and editing services. The office also develops advertisements and advertising campaigns, such as those for Continuing Education and for Mansfield Festival Theatre.

STUDENT ACTIVITIES

**Clubs &
Organizations**

STUDENT ACTIVITIES OFFICE

MR. CLARENCE J. CRISP
Director,
Student Activities

The Student Activities Program at Mansfield is organized by students to provide their fellow students with those types of organizations and activities that meet the demands and needs of the student presently on campus. These extra-curricular opportunities are provided year round and are partially supported by the students through the activity fee and an occasional admission charge. The entire program, whatever the time of year, is designed to expand the possible learning environment for each participating student.

All of the organizations and activities currently active on campus have been listed on the following pages.

POLICIES AND RULES GOVERNING CLUBS & ORGANIZATIONS

RULES GOVERNING OFFICE HOLDING

Scholastic requirement for seniors, juniors, sophomores and second semester freshmen is an average of C, or 2.0 at the time of the elections. Requirement for first semester freshmen is to have a ranking in the upper half of the high school class.

Student organizations are active only during the academic college year, September through May.

The college will not assume any responsibility for the collection of any financial account of any member of campus organizations not subsidized by the Student Government Association.

HAZING AND INITIATION ACTIVITIES

The College believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of higher education.

We further believe that while social behavior cannot be legislated, a fraternity without morally sound precepts and practices is not a constructive influence upon college students.

We further believe that a fraternity has a solemn obligation in the development of its pledges and members and that this responsibility extends alike to the institutions where it is represented; to parents and others who make possible the education of pledges and members; to the communities where chapters are accountable for good citizenship; and to the college fraternity system of which it is a part.

We further believe, despite the fact that much progress has been made, that one of the most damaging instruments to the fraternity system is the employment of a program of education, which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the fraternity system.

The College defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations include paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

REGISTERING AN EVENT

All events which are open to the entire campus must be registered and cleared on the Activities Calendar before the 22nd of the month prior to the event. Special Events Forms, to register an event, are available in the Dean of Students Office, Room 209, Memorial Hall, and must be submitted at least two weeks prior to the event.

FACILITIES SCHEDULING

College classrooms, auditoriums and gymnasiums are available for use by student organizations. Information and appropriate forms for reserving facilities and scheduling events should be obtained at the Dean of Students Office, Room 209, Memorial Hall.

The rooms are available at no charge unless it is an event which incurs a small janitorial or security service charge. Use of facilities by off-campus groups may require a rental charge.

RECOGNITION OF STUDENT ORGANIZATIONS

An organization that receives college recognition is authorized to use the name of the college, to utilize college physical facilities, to utilize the services of Mansfield State College and to recruit and accept members from the college community. Organizations who receive college recognition, may then petition the Student Government Association for recognition by that body. Applications for recognition are available in the Dean of Students' Office, 209 MH.

FUNDING OF STUDENT ORGANIZATIONS

College Community Services, Inc., has designated the SGA and its Committee of Finance to allocate the Student Activities fees to various campus organizations. Organizations that wish to be supported by the Activities fee should contact the Chairperson of the Committee of Finance at the SGA office or the Dean of Students Office, 209 MH.

To run for the executive council a student must be a full-time undergraduate who has completed 24 credits and will be enrolled for the next two academic semesters.

The Senate is composed of one Senator for every 100 students. The Senate chooses their own officers and the Chairperson may vote only when the Senate is equally divided.

The members of the Committee of Finance are appointed to the committee by the president of SGA. Various committees of SGA are responsible for initiating change on Mansfield's campus. Any student may find out about the various faculty, administrative, or student committees by expressing interest at the SGA office located 214 Memorial Hall. The membership or appointment to each committee is done by the president of SGA with confirmation of the Student Senate. During the 1973-74 year, SGA became highly active in Commonwealth Association of Students (CAS). CAS is a union to which every state college student belongs. Every Pennsylvania State College sends their respective SGA president or his/her designee and a CAS coordinator to each monthly meeting. CAS has a Board of Presidents and a Board of Coordinators which meet separately at the monthly meetings. CAS is an extremely valuable resource area to student governments in the research of new campus innovations.

CAS has been quite successful and intends to continually keep legislators and state officials aware of student concerns. The organization needs every students' support and help. It needs an operating budget which can only be attained through optional donations from students.

The Student Government Association is YOUR voice. It deals with every aspect of life. Participation in SGA is a direct benefit to you, your fellow students and the entire college campus. SGA hopes that you are concerned enough to participate.

JUDICIAL SYSTEM

PREFACE

The College's educational purposes make necessary its concern with the quality of its members' academic and extracurricular life. Even a narrow view of education must concede that a person's activities outside the classroom directly affect his/her academic capacities and learning, and that the intellectual tone of a campus is set by the character of extracurricular life. If one views education more broadly, then it must involve the goal of developing the whole person and not just his intellect and training skills. The College thus pursues two broad aims for its members: sound intellectual and academic training and the development of mature, ethical and responsible persons sensitive to the humanities of others.

The College can best implement its proper concern for the development of the whole person by adherence to the principle of responsible personal freedom: each member should have a high degree of personal freedom, coupled with an acceptance of full responsibility for his/her individual actions and their consequences. It is the College's conviction that self-development proceeds from the ability to make real choices, and that maturity grows from the intelligent use of freedom. The purpose of a Disciplinary System in the College is to determine when an individual has abused freedom and failed to accept responsibility; to communicate this failure to the person involved and permit him to explain his actions; to determine an appropriate modification or loss of privilege, if any; and to assist the person in making a constructive response toward self-discipline.

JUDICIAL STRUCTURE

The following system of hearing boards is instituted to deal with the stated proscriptions which adversely affect the College's educational interests.

Administrative Hearing

Upon receipt of a complaint, the Vice President for Student Affairs or his designee will meet with those involved in the complaint. The Vice President or his designee shall offer those involved the option of a hearing before a hearing board or an administrative official(s) designated by the Vice President for Student Affairs. The hearing shall consist of a meeting of the administrative official(s) and those involved in the complaint. Following a complete discussion of the incident, the administrator(s) will reach a decision and, if appropriate, impose a sanction. Both parties must agree to the option of an Administrative Hearing. The decision of the hearing may be appealed to the College Appeals Board.

The College Hearing Board

The College Hearing Board shall be the board of original jurisdiction for all cases that involve violations of College Policy, excluding traffic violations. The Board shall consist of 15 members: 5 students, 5 teaching faculty, 5 administrators. In addition one student, one teaching faculty and one administrator shall be appointed as alternates to the Board. Nine members, three from each group, shall be randomly selected for the hearing of each case. Alternates shall be called only when three regular members of each group are not available for a hearing.

The College Appeals Board

The College Appeals Board shall be established to consider appeals of College Hearing Board decisions. The Board shall consist of 15 members: 5 students, 5 teaching faculty, and 5 administrators. Nine members, three from each group, shall be selected at random for each appellant case.

Judicial System Advisor

The Vice President for Student Affairs shall designate an individual to serve as advisor to both the Hearing and Appeals Boards. It shall be the responsibility of the advisor to chair hearings and to preside at and expedite deliberations of both Boards. The advisor shall not vote nor attempt to influence the decisions of the Boards.

College Organizations

If a College Organization is charged with a violation of College Policy, such charges shall be brought against the appropriate officer of that organization who shall be named as a representative of that organization. If the situation warrants, other members of that organization shall be charged as additional representatives of that organization.

Following the identification of the representatives of the organization in question, the procedures contained in the campus Judicial Code shall be employed.

Selection of Hearing Board Members

Student members of both hearing boards (ten members, five for each board and one alternate for the College Hearing Board) shall be appointed by Student Senate.

Faculty members (ten, five for each board and one alternate for the College Hearing Board) shall be appointed by the Faculty Council Executive Board.

Administrators (ten, five for each board and one alternate for the College Hearing Board) shall be appointed by the Vice President for Student Affairs.

Appointment of Board Members shall occur annually; consecutive terms are permissible.

Appointment of Hearing Board Members

Appointments to Hearing Boards shall be made at the beginning of the academic year for the period of September to June. Appointments for Summer sessions shall be made prior to the termination of the Spring semester.

Soon after their selection, the members of each Hearing Board shall hold an organization/orientation meeting. The meeting shall be called by the Vice President for Student Affairs or his designee.

Rationale for Discipline

The rights and privileges exercised by any person are always a function of his/her relationship with others. Taken as a whole, his/her area of freedom is derived from the surrounding community, which holds him/her responsible, formally and informally, for the manner in which that freedom is exercised.

Freedom constructively used is expanded, while freedom used destructively is diminished. Restriction of privilege inevitably follows misconduct because of the interdependence between individual and community. Discipline is the process of determining restrictions appropriate to a particular form of abuse. Discipline is fundamental to education, a major purpose of which is to assist people in making the wisest possible use of freedom and thereby acquire more.

College discipline shall be limited to instances of misconduct which adversely affect the College community's pursuit of its educational purposes, namely (1) the opportunity of all members of the College community to attain their educational goals, (2) the generation and maintenance of an intellectual and educational atmosphere throughout the College community, (3) the protection of health, safety, welfare and property of the College community and the College itself.

Persons engaged in misconduct will be judged by their actions and motives as interpreted by persons or committees with disciplinary authority, rather than by their own interpretation of intent.

The College shall make its sanctioning powers serve its educational goals, rather than promote general police functions well represented in general law.

In situations in which a violation of civil or criminal law has occurred on campus, College authorities may choose to refer the case to an off-campus law enforcement agency and subsequently to the courts. At the conclusion of the off-campus process, the College may elect to initiate appropriate proceedings within the Campus Judicial System.

Specific proscriptions, or conduct which adversely affects distinct College interests or educational purposes are the following:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the College.
2. Forgery, alteration, or use of College documents, records, or instruments of identification with intent to defraud.
3. Intentional obstruction or disruption of teaching, research, administration, disciplinary proceedings or other college activities, including public functions and other authorized activities on College premises.
4. Verbal or physical abuse of any person on College premises or at College-sponsored or College-supervised functions, or conduct which threatens or endangers the health or safety of any such person.
5. Theft from, damage to or possession of property under the jurisdiction of the College or theft, damage to or possession of the property of a member of the College Community on College premises.
6. Failure to comply with the directions of College officials acting in performance of their prescribed duty.
7. Violation of published College Regulations and any other regulations which may from time to time be enacted.
8. Repeated violation of published rules governing College Residence Halls.
9. Violation of Civil Law on property under the jurisdiction of the College in a way that adversely affects the College community's pursuit of its proper educational purposes, as enumerated above.

Sanctions Defined

A preliminary observation should be made. Even where violation of a College Regulation is established, sanctions need not in every case be imposed. Matters of extenuation should always be taken into account, along with circumstances, in determining sanctions. No sanctions should be imposed more serious than are clearly appropriate in the circumstances.

Hearing Board Sanctions

1. **Admonition.** An oral statement to the student offender that he/she has violated College Rules.
2. **Censure.** Written reprimand for violation of specified regulation.
3. **Compensation** in the form of work or other duties as outlined in the description of sanction presented to the student.
4. **Restitution.** Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
5. **Fines** may be imposed at the discretion of the Hearing Board, not to exceed \$25.00. Money collected as a result of a fine shall be deposited in the Emergency Account of Central Bank.
6. **Disciplinary Probation.** A written notice placing a person on probation. The conditions of that probation, such as its duration, limitations, and specific penalties are stated in the probation.
7. **Suspension.** Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time. The person may re-enroll in the College at the termination of his period of suspension without readmission.
8. **Dismissal.** Termination of student status for an indefinite period. The conditions of readmission, if any is permitted, shall be stated in the order of dismissal.
9. **Other sanctions** may be imposed which the Board deems appropriate to the offense.

Judicial Proceedings

The goal of judicial proceedings should be to develop procedural minima assuring fairness, rather than a formal replication of what obtains in civil society. When a person is brought before a hearing committee, the following requirements of procedural due process shall be observed.

1. No member of a hearing committee who is otherwise interested in the particular case shall sit in judgment during the proceeding.
2. The person shall be informed in writing of the reasons for the proposed disciplinary action with particularity, and in sufficient time to insure opportunity to prepare for the hearing.
3. The person appearing before a College Hearing Board shall have the right to be assisted in his defense by an adviser of his choice.

Initiation of Judicial Proceedings

Any academic or administrative official of the College, any member of the faculty, or any student of the College may file charges against any member of the College for violation of all-college proscriptions (see outlined proscriptions). The charges shall be filed with the Office of the Vice President for Student Affairs who shall recommend that the charges be disposed of informally, referred to the appropriate union agency, referred to civil authorities, or disciplinary proceedings be initiated. If all parties involved are not satisfied with informal resolution, the Office of the Vice President for Student Affairs shall send to the person(s) charged a copy of the charge together with notice of applicable procedures that the person should be aware of. A copy of the charges shall be sent to the Chairperson of the College Hearing Board. The Chairperson of the Hearing Board will set the time for the proceedings.

Pending action on the charges, the status of the person or his/her right to be present on the campus and to attend classes shall not be altered. Exceptionally, for reasons relating only to the demonstrated danger to the safety and well-being of the charged person, or for reasons relating only to the demonstrated danger to the safety and well-being of students, faculty, or college property, the charged person may be advised by the Vice President for Student Affairs, pending consideration of the case, that his/her removal from campus would be in his/her own best interest or the best interest of the College community. Such advice shall be made before witnesses.

Appeals

A person found guilty of misconduct by the College Hearing Board may file an appeal from the decision of the Hearing Board within forty-eight (48) hours, after receiving that decision (weekends and college holidays not included) to the Office of the Vice President for Student Affairs.

Any person who is being charged or who has appeared before a College Hearing Board, who willfully behaves in a manner which is detrimental to the health and safety of those involved directly in the case, shall appear before the Vice President for Student Affairs for appropriate action.

RULES OF PROCEDURE FOR HEARING BOARDS

Notice

In any action or proceeding before the Hearing Boards, notice must be given to the party against whom such action or proceeding is brought.

- II. Written notice of the time, date, and location of the hearing to be held on any complaint shall be given concurrently with the notice required by Paragraph I of this section on either a separate form or on the face of the complaint. Such notice shall also contain notice that the person being charged need not be present at the hearing. If not present, the Board, following established procedures, may conduct the hearing in the charged person's absence.

Service

In any action or proceeding before the Hearing Boards, service of notice will be effected by registered mail (with return receipt requested) or upon the person(s) directly.

Time

Commencing from the date of service, the party upon whom such notice is served shall be afforded three (3) days before the commencement of any action or proceeding before the hearing board. The time required by this section may be waived by mutual consent of and upon the submission of a written request for an earlier or later hearing. Notice of new time and place of hearing shall be sent to the party complained of as provided in Paragraph headed **Notice**.

Commencement of Action

All action excluding appeals, shall be heard by the College Hearing Board by way of signed complaint. An action shall be commenced by filing such complaint with the Office of the Vice President for Student Affairs, which shall be responsible for complying with the sections governing service and time.

Right to Counsel

Any person(s) appearing before a College Hearing Board shall have the right to be assisted in their defense by an advisor of their choice. However, if either party to the complaint elects to be represented by legal counsel, the other party must be notified of that decision three (3) days prior to the hearing date.

Procedural Standards of Hearings

In any hearing before College Judicial Boards where the charge is a violation of College Rules, the party complained of shall have all the protections guaranteed by due process of law.

- VI. After hearing all the evidence, the Board shall make a finding of guilt or innocence, solely upon the evidence presented.
- VII. A member of the Hearing Board must, at any time, withdraw from any procedure if he/she deems themselves disqualified for personal bias. After showing just cause, either party to the dispute may request that a member of the Hearing Board be withdrawn. If the Board member refuses to withdraw the Board will decide by a secret ballot majority vote whether or not the Board member may remain. The Board member in question shall not vote.
- VIII. The Hearing Board shall be allowed to request for testimony such persons or papers essential to the finding of a fair and just decision. The Board may decide by majority vote to recess the hearing in order to locate such persons or papers.
- IX. The Chairperson of the Hearing Board shall be responsible for maintaining order and room decorum.

- II. After a decision is reached, it shall be read to the party complained of and the party bringing the complaint.
- III. If the party is found guilty arguments may be made relative to sentence. The Board may ask for information about any prior offenses committed by the accused. The Hearing Board shall request again the withdrawal of all parties and then determine a sentence. The sentence shall be read to all parties. The person complained of shall be informed of the right of appeal to the College Appeals Board. A written copy of the decision shall be sent to all parties.

- IV. Any member of the Hearing Board who wishes to submit a signed dissent in writing to any decision of the Board may do so. Such dissent shall accompany the decision and shall likewise be sent to all parties.

It is not intended by any provision herein to curtail the right of students, faculty or staff to be heard upon any manner affecting them in their relations with the institution. In the case of any **prima facie** violations of these rules by such persons, which in the judgment of the President, or the appropriate administrative officer, and the violation does not pose any immediate threat of injury to person or property, such officer shall make reasonable effort to learn the cause of the conduct in question and to persuade those engaged therein to cease and desist and to resort to reasonable and lawful methods for the resolution of any issues which may be presented. In doing so, such officer shall warn such persons of the consequences of persistence in the prohibited conduct, with consequences and they include ejection from any premises of the institution where their continued presence and conduct is in violation of these rules.

TITLE II

Section 1. Principles.

- (a) Mansfield State College, as a community of scholars, affirms, supports, and cherishes the concepts of freedom of thought, speech, and lawful assembly. Freedom to experiment, to present and to examine alternative data and theories; the freedom to hear, to express and to debate various views; and the freedom to voice criticism of existing practices and values are fundamental rights which must be upheld and practiced by the College in a free society.
- (b) Recognizing that the education processes can include demonstration and other forms of collected expression, the College affirms the right of individuals and groups to assemble and to demonstrate on campus within the limits of the public order act. The College also affirms the right of others to pursue their normal activities within the College and to be protected from physical injury or property damage.
- (c) The College should be vigilant to insure the continuing openness and effectiveness of channels of communication among members of the College on questions of common interest. To further this purpose, a Committee on Open Expression is hereby established as a standing committee by the Office of the President. The Committee on Open Expression has as its major tasks, monitoring the communication processes, recommending policies and procedures for improvement of all channels of communication, advising administrative officers where appropriate, participating in evaluation and resolution of conflicts that may arise from incidents of disturbances on campus.

Section 2. Committee on Open Expression.

- (a) The Committee on Open Expression consists of twelve members: five students, four faculty members, one non-instructional staff member and two representatives of the administration. Administrative officers as defined in Section 8 of Title I may not be members of the Committee on Open Expression.
- (b) Members of the committee are appointed by the President in the following manner:
 - a) student members shall be nominated from undergraduate and graduate students by a means arrived at by legally recognized representative student groups. If the students are unable to agree upon such a procedure, and instead propose several different procedures, the President shall make an interim choice between the student proposals. Students selected by an interim process shall serve only until their peers have established a permanent selection process.
 - b) faculty members shall be nominated by the Faculty Advisory Council; the administration members shall be nominated by the President; the non-instructional staff member shall be nominated by the Non-Instructional Council.
 - c) each member shall be selected for one year. Any individual may not serve for more than two consecutive terms.
 - d) the chairperson of the Committee shall be selected by and from the members of the Committee on Open Expression.

Section 3. Jurisdiction.

The Committee shall have competence to consider all issues and controversies involving open expression under the public order act. The Committee functions include, but are not limited to, the following:

- (a) Reviewing administrative decisions regarding invocation of the public order act taken with prior Committee consultation.
- (b) Recommending to the Board of Trustees and other legally recognized bodies any proposals to amend or repeal the public order act. The affirmative vote of seven members is required to make such recommendation.
- (c) Advising administrative officials with responsibilities affecting freedom of expression and communication, including particularly the use of College facilities for meetings and the utilization of force to terminate a demonstration.
- (d) Mediating where possible in situations that threaten to give rise to incidents that may possibly violate the public order act.

- (e) Evaluating and characterizing incidents that have occurred both to determine whether the conduct considered as a whole, of any group, has violated the public order act, and to attempt to discover or remedy any intentional and inadvertent failures in communications that may have caused or contributed to the incident. The Committee will not act as a disciplinary body to try charges against individual persons and impose punishment; however, its interpretation of the public order act may be probative in any disciplinary proceedings that may ensue.
- (f) Adopting procedures and rules for the functioning of the Committee, varied to suit the several functions, consistent with the public order act.

Section 4. Procedures.

1. Seven members of a Committee constitute a quorum. No member may participate in the consideration or decision of an issue in which he/she is or may become involved.
2. The Committee can authorize subcommittees, selected from its own members, to act for the Committee in any matter except the issuance of opinions interpreting the public order act, or the making of a recommendation to amend or repeal the public order act.

SNOW REMOVAL

Definition and Purpose

It is the intention of this procedure to identify the steps necessary to remove all vehicles from key streets and parking areas on campus so as to permit Buildings and Grounds to clear snow from the areas.

Scope

This procedure concerns all personnel with vehicles on campus.

RESPONSIBILITY.

1. Security will be responsible for all notices to dorms and office buildings as to snow removal and/or plowing.
2. Security to control and remove all cars that are hindering the snow removal process.
3. Maintenance insures that the East Parking Lot is plowed so as to have a place to park cars.

PROCEDURE.

1. Security Office shall make it known to all persons parking cars on campus either by posted notices on bulletin boards, radio, loud speakers in dormitories or a combination of these, where parking lots or streets shall be vacated for snow removal purposes. After snow has been removed in any given area, Security shall advise all persons by the same means as to the re-opening of street or parking lot parking.
2. Upon proper notice, if vehicles are not removed by the owners, Security shall have the vehicles removed by tow truck at the owners' expense. Security officers shall make every effort to contact owners of cars, but in the event the owners cannot be found, towing will be done as a last resort.
3. In the event of a heavy snow warning being predicted for the area, students that have cars parked along either side of Clinton Street from College Place to First Street, in service parking areas surrounding and adjacent to dormitories in the parking lots in back of the Infirmary and in back of the Tennis Courts on the South end of the Campus will make an immediate attempt to transfer their vehicles to the East Parking Lot of the Campus prior to the snow fall, or, if possible, at the very early stages of the snowfall. The students shall continue using the East Parking Lot area until word is received from Security that the snow emergency has passed.

ACADEMIC POLICIES

SCHOLASTIC STANDARDS AND REQUIREMENTS

ACADEMIC COUNSEL

Students are urged to make the fullest possible use of the academic counseling available to them through their respective advisors, departmental chairpersons, instructors and deans. Faculty are expected to post and keep regular office hours for this purpose.

The student should make a choice of major only after considerable thought and deliberation. Current information regarding the various fields of study offered at Mansfield State College may be obtained from the Department Chairperson, Academic Dean, and the Placement Office.

CLASS STANDING

Class standing is determined by the total number of semester hours earned including acceptable credits transferred from other accredited colleges.

Freshman	0-31 semester hours of earned credit
Sophomore	32-63 semester hours of earned credit
Junior	64-95 semester hours of earned credit
Senior	96 semester hours or more of earned credit

Before the end of the sophomore year, students are to select a major field of study. To select a major (if initially "undecided") or to change a major, a student must process a Change of Curriculum Form, which may be obtained from the student's Dean.

SEMESTER

To be considered a full-time student a minimum of 12 semester hours of work must be carried. 12 to 18 semester hours constitutes a normal student class schedule. A student desiring to carry more than 18 semester hours must obtain permission from his/her department chairperson (for credits beyond 18 there is a per credit hour fee) and meet the following:

Credits	Quality Point Average
19	2.60 or above
20	3.00 or above
	(Exceptions must be approved by the office of Academic Affairs)

MARKING AND POINT SYSTEM

Mansfield State College employs the 4-point system in evaluating academic performance:

GRADE	INTERPRETATION	QUALITY POINTS
A	Excellent	4
B	Above Average	3
C	Good College Work	2
D	Passing	1
F	Failure	0
I	Incomplete	0
P	PASSING	0
F	Failing	0
W	Withdrawal	0

Instructors may correlate percentage scores with letter grades. For such correlations the following list of equivalents is presented:

90 — 100 = A

80 — 89 = B

70 — 79 = C

60 — 69 = D

0 — 59 = F

The quality point average (Q.P.A.) is determined by dividing the total number of quality points earned by the total number of semester hours of work attempted, excluding semester hours earned on the Pass-Fail basis. It should be noted that semester hours and credit hours are one and the same. The Q.P.A. is the index by which a student's academic standing is judged.

An "F" grade in a required course must be cleared by repeating the course. If a student who entered Mansfield State College in June, 1975 or later repeats a course which cannot be repeated for credit, all grades received shall be included on the transcript, but only the last grade received shall be used to compute the student's Q.P.A.

An "I" (incomplete) grade is used to denote unfinished work because of a death in the family, illness, accident or other serious mitigating circumstances. "I" grades are given by the professor of the course in consultation with the Academic Affairs Office. The student is responsible for the removal of an "I" grade before the end of the third week for the next semester, excluding summer school. If the "I" grade is not cleared in that period, the Records Office shall record a final grade of "F".

In addition to letter grades, the following designations (none of which is figured in the Q.P.A.) are used in situations warranting them:

- S — Satisfactory
- U — Unsatisfactory
- EX — Credit by examination
- W — Withdrawal from the course after the drop-add period with the approval of the instructor and the Office of Academic Affairs.
- AU — Audited
- P — Pass on P/F basis
- F — Fail on P/F basis

WITHDRAWAL FROM OR ADDITION OF A COURSE

A student must add a course during the first two weeks of the semester.

During the first nine weeks of the semester or the equivalent period in summer school, a student may withdraw from a course by submitting the completed "drop form" to the Registrar. No record will be made of the action.

From the end of the ninth week to the end of the semester, withdrawal from a course will be authorized only for extenuating circumstances which must be approved by the student's Department Chairperson, the Instructor and the Registrar. A statement in writing from the student's medical doctor, counselor, or close family must be approved before a student is permitted to complete withdrawal procedures.

If the withdrawal is authorized, a "WP" or "WF," based upon achievement at that point, will be recorded on the transcript without being computed in the Q.P.A. A student will receive an "F" in any course from which he/she withdraws without approval.

PASS-FAIL POLICY

1. Eight courses may be taken under the pass/fail option over the total four years. A student may take no more than one course for pass/fail each semester.
2. No 100 or 200 level courses taken in fulfillment of Core or General Education requirements may be taken pass/fail.
3. Any 100 or 200 level course may be taken for pass/fail but they will be counted as free electives only.
4. Courses required by the major department may only be included in the pass/fail option at the discretion of the department.

5. Pass grades will be "D" or better and three failures under the option will constitute loss of the option. Pass/fail courses are not reflected in the quality point average of the student, but will be counted as credits earned if a passing grade is received. The student has a two week period at the beginning of the semester to elect to take a course pass/fail. He may not change his pass/fail option to a letter grade or select the pass/fail option after the two-week add period has passed.

CHANGE OF MAJOR

Requests to change major may be initiated in the office of the student's appropriate Dean.

PETITION

Whenever any rule or regulation of the College causes an unfair hardship, the student is entitled to petition for an exception by filling out a petition form obtainable from his/her appropriate Dean. Advisors will be glad to assist in the preparation of a petition. Completed forms should have the necessary signatures prior to submission to the Office for Academic Affairs.

ACADEMIC DISMISSAL POLICY

Students attending Mansfield State College are permitted continued matriculation governed by credits attempted with the corresponding minimum quality point average (Q.P.A.) as required by the outline below.

The grade report issued to students at the end of every marking period serves as the means by which each student is informed of his/her academic standing. Should a student's grade point average be below a cumulative 2.0 he/she will receive a letter of warning from the Academic Affairs Office. The following schedule shall be the minimum requirement for continuation and satisfactory standing at Mansfield State College.

0 — 18 S.H. attempted	1.00 Q.P.A. or better
19 — 37 S.H. attempted	1.60 Q.P.A. or better
38 — 56 S.H. attempted	1.80 Q.P.A. or better
57 — or more S.H. attempted	2.00 Q.P.A. or better

Any student whose quality point average is below the standard set forth above at the end of the fall or spring semester will be dismissed from the college.

Transfer students are not subject to academic dismissal until they have completed two semesters at Mansfield State College unless their Q.P.A. at the end of the first semester is less than 1.00. Thereafter transfer students are subject to the same academic standards. For example, a student who is granted eighteen (18) semester hours of credit in transfer and who has accumulated thirty (30) semester hours of credit during the

two semesters at Mansfield will have attempted a total of forty-eight (48) semester hours at the end of the second semester and must earn a Q.P.A. of at least 1.80 to continue.

Readmitted students are subject to the same academic standards.

A one year interval must elapse before a student who has been dismissed for academic deficiency may be readmitted to the College. Students twice dismissed for academic reasons, automatically terminate their association with Mansfield State College.

ACADEMIC STANDARDS REVIEW BOARD

Students who have not achieved the minimum required grade point average to permit them continued matriculation will be dismissed from the College. The academic standard to be followed in the case of each student will be that academic standard's policy which was in effect at the time of the student's initial matriculation or readmission.

Following dismissal notification a student, upon personal initiative, has recourse to the Academic Standard's Review Board if in his/her opinion there would be sufficient reason upon which to appeal the dismissal. Should the student desire a review of the case, he/she should state this to the administrative officer informing him/her of dismissal.

I. Composition of the Review Board:

- A. The Assistant Vice President for Academic Affairs serves as Chairperson of the Board.
- B. One faculty member from each school of the College plus one member-at-large shall serve as voting members of the Board for a term of one year.
- C. The Chairperson of the student's department shall have one vote.
- D. One faculty member of the student's choice shall have a vote.

II. Procedures:

- A. The Office of Academic Affairs shall establish the dates of the Review Board and notify the student of the designated time and place. The Chairperson of the Board will not have a vote unless there is a split decision.
- B. After having been notified of the time for the hearing the student is expected to address to the Chairperson of the Review Board a written appeal stating his/her case. This written appeal may be mailed to the Chairperson or brought in person by the student to the hearing. In no case, however, will the Board be obligated to decide an appeal if the student has failed to provide the Board with a written statement of the appeal.

- C. After receiving information with regard to the appointed time and place for the hearing, the student is expected to request his/her departmental chairperson and a faculty member of personal choice to appear before the Board at the appropriate time. The Board will not hear a student who does not have faculty representation.
- D. Before a student discusses the case with the Board, the student's written review will be read by the Board. The voting members of the A.S.R.B. will consider all necessary records of the student. The student also will be given the opportunity to speak to the A.S.R.B. (if he/she so desires).
- E. Following the presentation of the appeal, the five Board members for the case will vote by secret ballot (example: John Doe — granted or denied) and the student will be notified immediately of the Board's decision.
- F. Failure to appear on the part of the student constitutes waiver of the appeal. Should the student's chairperson or the faculty member of personal choice fail to appear, the remaining voting members will have the determining votes. A majority vote of the members will determine the decision on any specific case.
- G. If the student's appeal is denied, he/she may initiate an appeal to the President if he/she has new information to present.

WITHDRAWAL FROM THE COLLEGE

Students wishing to withdraw from the College must initiate the process in the Testing and Counseling Center. After proper completion of all withdrawal papers the student is cleared for formal withdrawal.

The student's academic record is marked with the words "Withdrew (date) No Credit." No grades whatever are recorded. If a student withdraws at the end of the semester and wishes to receive credit and grades for the semester, the withdrawal form must be dated on the day following the last day of classes/final exams.

Withdrawal without proper notification and approval may prejudice the student's record and his/her chance for readmission. The College reserves the right to record "F" grades for courses not completed during the semester in which the student has improperly withdrawn.

ABSENCE POLICY

Regular and punctual class attendance is expected of all students.

Student evaluation expressed as grades will be determined on the basis of academic performance which may include classroom participation. Professors will outline their criteria for academic evaluation prior to the end of the first week of class.

Bona fide absences because of illness, serious mitigating circumstances, or absences because of official College representation approved by the Office of the Vice President for Student Affairs shall be accepted by all faculty.

The student is responsible directly to his/her instructors for class and laboratory attendance; absences must be made up to the satisfaction of the instructor.

ACADEMIC INTEGRITY

Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in academic work. Faculty should instruct the students as to the meaning of plagiarism so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to assess offenses of academic dishonesty in the interests of acceptable high standards. This is a matter primarily between the student and instructor. Requests for special assistance may be made to the Office of Academic Affairs.

POLICY ON THE CONFIDENTIALITY OF STUDENT RECORDS MANSFIELD STATE COLLEGE

PREFATORY STATEMENT

Mansfield State College collects and maintains data and information about students for designated periods of time for the expressed purpose of facilitating their educational development. The College recognizes the privacy rights of individuals, as guaranteed by the Family Rights and Privacy Act of 1974 and the Pennsylvania Right-to-Know Law of 1957, yet attempts to balance those rights with the institution's need for information relevant to the fulfillment of its educational missions. The College further recognizes its obligations to inform the student of the existence and location of records as well as to define the purpose for which such information is obtained; to provide security for such material; to permit student access to, disclosure of, and challenge to this information as herein described; and to remove such information when its retention is no longer warranted.

STATEMENT OF POLICY REGARDING ACCESS TO EDUCATION RECORDS

No information from records, files and data directly related to a student shall be disclosed to individuals or agencies outside Mansfield State College without the express written consent of the student. The only exceptions to this policy of access involve response to lawful subpoena or court order and where the request is submitted by specifically designated educational and governmental officials as required by the Family Education Rights and Privacy Act of 1974 (Public Law 93-380 Education Amendments). Information contained in such records may be shared within the College. Records originating at another institution will be subject to these policies. There will be annual notification to students of the provisions of this policy.

DEFINITION OF EDUCATION RECORD AND STUDENT

Education records are defined as those files, documents and other materials which contain information directly related to a student and are maintained by Mansfield State College or by a party acting on behalf of Mansfield State College.

Material not included within the scope of the term education record and therefore not available for inspection by the student are:

- Records of instructional, supervisory and administrative personnel and ancillary educational personnel which are in the sole

possession of the maker thereof and are not accessible or revealed to any other individual except a substitute. A substitute refers to an individual who performs on a temporary basis the duties of the individual who made the record and does not refer to an individual who may permanently succeed the maker of the record. Disciplinary records are covered by this provision with the exception that they may be personally reviewed by a lawyer or other appropriate professional of the student's choice.

Records relating to an individual's employment which are maintained in the normal course of business and which relate exclusively to his or her capacity as an employee.

Records of the Security Office which are maintained separately from other institutional records and solely for law enforcement purposes.

Records created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or para-professional acting in his or her professional capacity, or assisting in that capacity are not subject to the provisions of access, disclosure and challenge. Such records, however, must be created, maintained or used only in connection with the provision of treatment to the student and are not disclosed to anyone other than the individuals providing the treatment. The definition of treatment does not include remedial educational activities or activities which are part of a program of instruction. Such records may be personally reviewed by a physician or other appropriate professional of the student's choice.

For the purpose of this policy, a student is defined as an individual currently or previously enrolled in any academic offering of the College. This definition does not include prospective students.

COLLEGE OFFICERS RESPONSIBLE FOR STUDENT RECORDS

The following College Officers are designated as responsible for student records within their respective areas: Vice President for Academic Affairs, Vice President for Administrative Affairs, and the Vice President for Student Affairs.

Each of these officers is responsible for making available a list of student records within his or her respective area of responsibility indicating the purpose, storage, security and disposition of each student record. The Vice President for Student Affairs will be responsible for maintaining a college-wide listing of the records, files and data collected on individual students.

DISCLOSURE OF PUBLIC INFORMATION

The following information may be made available regarding students of the College without their prior consent and is considered part of the public record of their attendance:

1. Name
2. Address (local and permanent)
3. Telephone number
4. Date and place of birth
5. Major field of study
6. Participation in officially recognized activities and sports
7. Weight and height of members of athletic teams
8. Dates of attendance
9. Degrees and awards received
10. Most recent educational institution attended

A student wishing to prevent the public disclosure of the above information may request same by contacting the Office of the Vice President for Student Affairs prior to the close of the first week of classes of any given academic semester. Such a request, however, must be to prevent the public disclosure of all of the above information not one or more of the ten individual items.

DISCLOSURE OF EDUCATION RECORDS TO THE STUDENT

Students are accorded the right to inspect, in the presence of a College staff member, official college records, files, and data which refer directly to them. Where the records contain information relative to third persons, students will be informed by College officials of only that information which pertains specifically to them.

This right of inspection must be honored within a reasonable time, but in no case longer than forty-five (45) days, following submission to the appropriate official of a written request to inspect personal records. Students also have the right to receive an explanation of any information contained in files.

Students are entitled to challenge or add to the factual basis of any entry contained in the records for the purpose of correcting misleading inaccurate or inappropriate data contained therein. However, the substantive judgment of a faculty member about a student's work expressed in grades and/or evaluation is not within the purview of this right to challenge. Challenges should be submitted in writing to the appropriate College official in which area the questioned material is maintained.

The College officer receiving the challenge is authorized to rectify the entry and so notify the student without a hearing if such a course of action is warranted. The designated officer will evaluate the challenge to the questioned entry and will determine whether or not the material is inaccurate and/or misleading in a manner justifying its correction or

removal from the records. The student's written statement of challenge regarding the content of the record will remain a part of that record regardless of the outcome of the challenge. An adverse decision may be appealed in writing by the student to the appropriate Vice President and, finally, to the President of the College.

A student may waive his/her right to access to confidential letters of recommendation which he/she seeks for admission to any educational agency or institution, for employment, or for application for an honor or honorary recognition. The student must be notified on request of all such individuals furnishing recommendation, and the letters must be solely for the stated purpose for which the student was notified and for which he/she waived right of access. Such waivers may not be required as a condition for admission to, receipt of financial aid form, or receipt of any other services or benefits from such agency or institution.

Each record-keeping unit of the College will establish procedures for accommodating requests for students access to their records. An administrative charge not exceeding the actual cost to the College of providing access may be initiated in certain areas for access to record information. While public law does not require copy privilege, students may request same. The decision to provide copies of the requested documents rests with the responsible administrative officer. The fee for each copy will be in accord with the above statement on costs.

DISCLOSURE OF EDUCATION RECORDS TO THIRD PARTIES

Mansfield State College shall release education records or personal information only with the expressed written consent of the student. Disclosures will be made to a third party only on the condition that written consent is obtained from the student and only on condition that the third party will not permit additional access to the information by an additional person without further written consent of the student prior to such an individual transfer of information.

Exceptions to this are as follows:

1. Disclosure to Educational Officials
School officials within the Mansfield State College community who have a legitimate professional right-to-know may have access to student records.
2. Disclosure Pursuant to Judicial Order
Information concerning a student shall be released if properly subpoenaed pursuant to a judicial, legislative, or administrative proceeding. Effort will be made to give advance notice to the student of such an order before compliance by the College.
3. Disclosure Pursuant to Requests for Financial Aid
Necessary academic and/or financial student records may be disclosed without the student's prior consent in connection with the student's application for, or receipt of, financial aid.

4. Disclosure to Federal and State Authorities
This policy will not preclude access to student records by authorized federal and state officials in connection with the audit and evaluation of federally supported education programs or in connection with the enforcement of federal and state legal requirements which relate to such programs. Except when collection of personally identifiable data is specifically authorized by federal and state law, any data collected and reported with respect to an individual student will not include information (including Social Security number) which would permit the personal identification of such student.
5. Disclosure Under Emergency Conditions
On an emergency basis information about a student may be released by a designated officer of the College when that information is necessary to protect the health or safety of a student.
6. Disclosure to Education Agencies or Institutions
Information which will not permit the individual identification of students may be released to organizations of educational agencies or institutions for the purpose of developing, validating, and administering predictive tests and measurements. Similarly, information may be released to accrediting organizations in order to carry out their accrediting functions.
7. Disclosure to Parents of Dependent Students
Information concerning a student who is dependent (as defined in the Internal Revenue Code of 1954) may be released to that student's parents. The Internal Revenue Service defines a dependent student as one who attended an educational institution full-time for any five calendar months of a tax year and who was provided more than one-half of his/her support as claimed by the parents on their income tax statement. For purposes of this policy the assumption, unless individually certified to the contrary under the criteria above, will be that undergraduate students of the College are dependent students. Certification of independence may be affected through the Office of the Vice President for Student Affairs.
